1. Student Priorities

Start here. Be honest about what matters most - every later decision builds on this page.

Intended major / area of study	
Preferred countries	
Academic profile (board, grades, subjects)	
Annual budget (all-in)	
Non-negotiables	
Personal preferences (location, climate, class size, campus environment)	

2. University Shortlist

Aim for a balanced list. Mark each choice as Reach, Target or Safety.

University	Country	Course	Degree type	Category	Reason for inclusion

3. Admissions Requirements

Check each university's official admissions page. Requirements change every year.

University	Grade requirements	Prerequisites	Testing policy	Essays	Interview	Portfolio / other

4. Cost Comparison

Use one currency throughout. Include every cost - tuition is rarely the full picture.

University	Tuition	Living	Travel	Insurance	Scholarships	Est. annual cost	Est. degree cost

5. Final Comparison

Rate each shortlisted university from 1 (weak) to 5 (strong). Flag any deal-breakers.

University	Academic fit	Affordability	Career opportunities	Personal preferences	Deal-breakers?
